

Event Insurance for Facility Rentals.

An easy way to get coverage.

When you open your facilities to outside groups, you open yourself up to potential damages and liability from their activities. If they have the right insurance protection to cover their activities and name you an additional insured, you have the right protection as well. By directing your facility renters to Wright Specialty's convenient and affordable event insurance, you gain the peace of mind that comes with reliable insurance. Don't let insurance be a deterrent for small organizations that want to rent your space, and don't let renters with inadequate insurance jeopardize your financial well-being.
