

The S.M.A.R.T. Panel & Portal

ABOUT THE S.M.A.R.T. PANEL

Built to solve inconsistent coverage terms, inefficient workflows, and varying compensation, the **S.M.A.R.T. Panel** is an internal marketing and servicing resource to aid in the placement of Management Liability coverages for Private and Nonprofit clients.

The **S.M.A.R.T. Panel Team** — comprised of ML subject matter experts — analyzes risks, identifies coverage gaps, and ensures the terms presented are the broadest available for each client from our panel carriers.

'The Portal' is the technology behind the Panel. This online platform streamlines the marketing process by simultaneously delivering applications to all panel carriers. Once logged in, HUB can submit applications, review carrier responses including quotes, request quote comparisons, and much more!

COVERAGE LINES IN SCOPE

Available for Private Company & Nonprofit entities (up to \$5M limits):

- Directors & Officers Liability (D&O)
- Employment Practices Liability (EPL)
- Fiduciary Liability
- Crime / Employee Dishonesty
