

Summit's WriteNow[®] Online Quoting Service

Manage your workers' compensation quote requests with speed and convenience! Our WriteNow[®] Online Quoting Service puts underwriting tools to work to find the eligibility, pricing and payment options that fit your clients' businesses. Enjoy an advanced, secure and mobile friendly system that was designed to offer flexibility and save you time.

Benefits

You can submit your quote requests to WriteNow three months prior to the start of the month of the policy effective date. You will either receive an instant answer, or the submission will immediately go to your underwriter for review. You'll also be listed as the agent of record. Here are just a few things you can do with WriteNow:

- Upload an original PDF of your ACORD form, and the system will read the applicant information and load it directly into WriteNow
- Use the Class Code Eligibility tool to view eligibility for any class of business
- Get competitive quotes, including Safety Rewards dividend plans, guaranteed cost, paid loss retro and/or incurred loss retro plans*
- Select from all available deductibles, credits and endorsements
- Receive an instant quote on eligible accounts
- Obtain an approval package—including your quote, terms, conditions and necessary forms—all in a convenient PDF

Note: A valid FEIN or SSN is required on all submissions.

Getting started with WriteNow

Visit our website, www.summitholdings.com, and log in to WriteNow. If you don't have a username and password, simply request one by clicking **Business Center**, and then **Request a Login**. If you have questions about your Summit website access, contact our Customer Care department at 1-800-282-7648.

What's new?

Based on agency feedback, we've simplified our quoting tool. Here are some updates you'll notice:

- To navigate to WriteNow from our website, you can click **Request Quote** from our homepage or under Agency Resources.
- To start the quote process, click **Request Quote** either from the WriteNow landing page or from the gray bar. From there, you add the ACORD form and **Start Upload**, or you may select **Manually Enter**.
- The Risk Eligibility Tool is now called **Class Code Eligibility**.

**Where applicable*
