

EXCESS WORKERS' COMPENSATION

100+ Years of Workers' Compensation Insight Powering an Innovative Excess Solution

The EMPLOYERS Excess Workers' Compensation solution redefines protection for large, self-insured employers, groups, pools, and joint powers authorities. Designed for ultimate agility and backed by deep industry insight, it delivers innovative, tailored protection against catastrophic loss while empowering organizations to turn risk into a strategic advantage.

Why EMPLOYERS

Today's self-insured organizations need more than coverage; they need an intelligent risk management solution that optimizes their businesses. EMPLOYERS delivers by combining unparalleled flexibility, cutting edge analytics, and extensive industry knowledge to transform self-insurance into a driver of measurable savings.

Predictive & Prescriptive Modeling

Identifies emerging risk patterns early and delivers targeted recommendations that help reduce claim frequency and severity.

Risk Advisory Services

Ensures specialized safety resources and guidance are always within reach, providing industry-specific support for preventing claims, hazard response, or safety program development.

Interactive Claims Dashboards

Presents claims activity and trend data in real time, with dashboards that transform complex information into clear, actionable insights.

Industry Benchmarking

Compares program performance to peer organizations, highlighting whether trends reflect internal issues or broader industry conditions.

Total Cost of Risk Optimization

Model different retention levels, premium structures, claims and expense scenarios to create a program design that reflects your financial priorities and risk appetite.
