At The Hartford, we know how important it is for you to be able to access the information you need quickly and easily. With your needs in mind, we have updated and enhanced our Appetite Guide.

When your clients need a fast answer, if you need to know whether we write a class of business, or when you want to formulate a strategy for pursuing a particular class of business in your territory – use this handy reference guide to give you an overall view of our appetite and what we offer in Small Commercial.

Please note that while this Guide provides the essence of our marketing focus, it should not be viewed as definitive, since regional and economic conditions vary across the country. Not all classes may be available to all agents in all states.

Codes at a Glance

This edition of our Appetite Guide continues to use the approach you told us is helpful.

1. We have indicated our interest in a particular type of business by line of business (ie: Spectrum, Workers' Compensation, Commercial Auto),
2. We have provided a clear indication of The Hartford's interest in a particular type of business as follows:

-  Means go ahead and submit this business. This symbol represents both our targeted and acceptable business.
-  Means this business would be accepted on a limited basis.
-  Means do not submit. Although rare, The Hartford is not a market for this class of business.

This eliminates guesswork -- saving you time on the front end of the submission process. For more specific eligibility information, please contact your local Hartford Small Commercial Sales Representative or view our online Sales Guide at ebc.thehartford.com.
