HUB

Welcome to the DRS MVP Program

A HUB International Benefit • Powered by DRS

As a HUB Property client, you automatically have access to DRS' Managed Vendor Partner (MVP) Program, a **no-cost, no-obligation** value-added service designed to help you preposition critical vendors for a faster, more coordinated response to a property loss. DRS helps connect you with best-in-class recovery partners and integrates your Schedule of Values (SOV) into a weather monitoring system, providing automated alerts to help you stay ahead of potential events.

If you, or anyone on your team, would like to receive alerts or have a call with DRS, [CLICK HERE](#).

ONE CALL. TOTAL RESPONSE.

Why it Works:

- Nationwide network of vetted, best-in-class vendors ready to respond at a moment's notice.
- MVPs provide turnkey solutions across mitigation, restoration, construction, roofing, salvage, equipment, HVAC, and more.

What DRS Does:

- DRS manages the process from start to finish.
- We coordinate with all stakeholders to align scope, pricing, and execution, reducing delays, disputes, and recovery time.

No Cost to You

- MVP partners pay DRS, there is **NO** cost to you for coordination.
- Our MVPs are subject to the insurance adjustment process, so insurers validate scope and cost for restoration and repairs.

REPORTING A LOSS:

STEP 1

Reach Your DRS Team

Cory Brandt

949-244-1338

cbrandt@drsconsults.com

Jason Trahan

214-563-7957

jtrahan@drsconsults.com

24/7 Help Line

833-377-4357

contactus@drsconsults.com

STEP 2

Provide the Following

- Point of contact (POC) to coordinate a site visit
- Address of the damaged facility
- Type of business or facility, and a brief description of the damage
- Photos of the damage, if available

STEP 3

What Happens Next

Connect POCs

DRS connects your point of contact with the assigned MVP.

Create Distribution

DRS creates a shared email distribution with all parties.

Schedule Inspection

MVP coordinates with your POC to schedule on-site arrival.
